

Nelson L. Bush

Managing Director

PFM Asset Management LLC

Nelson is a managing director and joined PFM Asset Management in 1993. He focuses on providing investment advisory services to public entities and non-profit organizations. Nelson helps with the design and adoption of investment policies, benchmarking investment performance, development and implementation of investment strategies, discretionary management of public funds and benefit plans, and the management of bond proceeds in compliance with arbitrage rebate regulations. Nelson has a passion for education and frequent instructor for several statewide professional associations. He regularly teaches classes on cash and investment management options, strategies, policies, and best practices. Nelson is also the program administrator for the Texas Range Investment Program.

He is the program administrator for two local government investment pools (LGIPs): Virginia State Non-Arbitrage Program and for the Texas Range Investment Program. As a member of and frequent instructor for several statewide professional associations in Virginia, Texas, and North Carolina, he regularly teaches classes on cash and investment management policies and best practices.
